

Skin Cancer Information Talk

Jaye Kissane, Joanne Watson,
Macmillan Skin Cancer Nurse
Specialists.

QUIZ

- Below are 15 photographs of lesions.
- For each slide decide whether or not the lesion is of concern.
- A malignant lesion is cancer, and of concern.
- A benign lesion is harmless, not of concern.
- The question to ask is should I recommend that the person with the lesion sees their GP?
- The answers are on the last slide.
