

### **National Call to Action - don't miss the opportunity to participate!**

As mentioned in previous editions of E-Communications we would like to bring to your notice once again NHS England's plan for "Improving health and patient care through community pharmacy" Call to action.

The main purpose of this Community Pharmacy Call to Action is to stimulate debate in local communities, with everyone who works with community pharmacy, to find out the best way to develop our integral service. We want to enable community pharmacy to play an even stronger role at the heart of more integrated out-of-hospital services that support better health outcomes for patients. This is a real opportunity for you to stimulate the debate and help shape local strategies and services.

There is a range information and the opportunity to comment on the contents of this document. Please use link <http://www.england.nhs.uk/ourwork/qual-clin-lead/calltoaction/pharm-cta/> We would also recommend that you take a look at the PSNC website for further information [http://psnc.org.uk/wp-content/uploads/2013/10/01\\_CPN\\_0114\\_V8.pdf](http://psnc.org.uk/wp-content/uploads/2013/10/01_CPN_0114_V8.pdf) and talk to your LPC representatives.

We will be organising a number of events in order to hear the views of both you and your staff. The team look forward to meeting you and having the opportunity of sharing views with you. More details will follow shortly.
