

EMERGENCY HORMONAL CONTRACEPTION UPDATE

This training is suitable for any nurses or pharmacists who have previously undertaken EHC training and require an annual update. GPs are also welcome and attendance will count towards recertification of your DFSRH.

This half day course aims to:

- Revise the knowledge and practical skills required to offer EHC
- Update you in new areas relating to EHC and contraception generally
- Offer an opportunity to discuss difficult emergency contraception scenarios and ask general questions about contraception

**Saturday June 25th 2015, 9.30 –
12.00
HOPE HOUSE, GRH**
