

The Greater Manchester Pharmacy Local Professional Network (LPN) will be hosting an event on **Saturday 23rd June 2018 from 2pm -8:30pm**

Celebrating Pharmacy's contribution to Greater Manchester

The event will be split into an afternoon and evening session and will be a mix of networking, key note presentations, developmental workshops and awards. The event will be opened by Pharmacy Dean, Professor Chris Cutts and the Awards evening will be opened by Professor Kay Marshall, Head of the School of Health Sciences at the University Of Manchester. You will then have the opportunity to attend **two** from the nine available workshops.

Please email the team if you wish to attend england.gmtop@nhs.net or register as per below:

Pharmacist

3 Revalidation

Revalidation for pharmacy professionals is being implemented this year!

Do you know what you need to do to remain on the GPhC register? Have you thought about how you will plan your revalidation activities? The RPS can support you in your revalidation journey. This workshop will guide you through their tools and solutions that will help pharmacists and pharmacy technicians with their journey.

Audience

Pharmacists and pharmacy technicians from all sectors

4 Physical Activity

Very brief advice on physical activity from healthcare professionals has been shown to improve clinical outcomes. This training focuses on the key evidence and demonstrates practical tips to easily integrate this into every day clinical practice. Community pharmacy teams play a pivotal role as a community and health asset in communities

Aimed at:

Community pharmacy teams

5 Applying risk management techniques in community pharmacies: Insights from the NIHR Greater Manchester Community Pharmacy Patient Safety Collaborative

In this workshop you will hear experiences from community pharmacists about the steps they have put in place to improve patient safety. You will also find out about evidence based patient safety techniques and develop an action plan to improve patient safety in your pharmacy.

Aimed at:

Pharmacists from all sectors

Royal Pharmaceutical Society
