Dear Colleague,

Re: Needle Exchange and Supervised Consumption Services

I am writing to inform you that following a full-service review of both the Needle Exchange and Supervised Consumption services across Bolton, Salford and Trafford localities, GMMH will be ending the current service specifications on the 31st March 2018 and replacing them with the service specifications attached. These specifications will come into effect on the 1st April 2018.

PharmOutcomes will be utilised for recording these services and processing payments. The PharmOutcomes module will be live as of 1st April 2018 to ensure there is no break in service, and to maintain business continuity all **currently** commissioned providers will be accredited to access these modules.

We ask that you read and sign the Service Level Agreement and keep a copy on file. If you no longer wish to deliver the service under these new specifications, please can you notify me via emails no later than Friday 27th April 2018.

CPGM Healthcare Ltd will be processing the payments on behalf of GMMH for these services. As such they will require your pharmacies banking details to enable payment. Thus please can we ask that you complete and return the banking mandate form attached and return as instructed below form by Friday 27th April 2018.

If you have any queries about the service, pharmoutcomes or the payments process please do not hesitate to contact me.

Yours sincerely

Jonathan Miller
Interim Service Manager
Greater Manchester Mental Health NHS Foundation Trust
