Programme

Sheffield LPC has secured bespoke Adult Safeguarding and Mental Capacity Act training with Sheffield Safeguarding Adults (via the NHS Sheffield CCG) offered by **Dawn Shearwood** and **Gary Haigh**, to ensure Pharmacists and Pharmacy Technicians can fully meet the expected standards now required for delivery of services outside the pharmacy premises.

This course offers an alternative to the half-day training sessions available locally and will provide an introduction to adult safeguarding, referrer training as applicable and an introduction to the Mental Capacity Act (MCA).

PLEASE DON'T MISS this important opportunity to undertake this valuable training which will further enable you to develop services within your pharmacy.

As always we hope to allow time for:

- An NHS Update - latest changes & developments to keep you up to date;
- Opportunity to raise issues of concern that we will seek to answer or take back to the appropriate body.
