South Yorkshire Update Event

• Contractor and Staff Support for the new GPhC Inspections

- Dementia – awareness raising – important for all the pharmacy team

You are welcome to attend any combination of the sessions - either the GPhC support session, Dementia

Light Buffet from 6.30pm for 7pm – **TUESDAY 14 APRIL 2015**

Venue: **MERCURE SHEFFIELD PARKWAY HOTEL**

Britannia Way

Catcliffe

S60 5BD SHEFFIELD

- **GPhC Inspections:** 7pm
- Further to previous training offered in Sheffield in July 2014, we appreciate that several pharmacies have now had their inspection under the new procedures, but clearly many more still have that treat in store!

So we are linking with our partner Local Pharmaceutical Committees in South Yorkshire to offer a joint event to take up the support kindly offered by the NPA to all contractors and their staff to help you prepare, if you have not already had a visit. We may even secure feedback from some pharmacies that have already been through the process to give you tips.

Don't miss this opportunity to hear what is involved so you and your staff can prepare well before the GPhC letter lands on your pharmacy mat!

.....

Dementia Awareness – 8.15pm
Improve the concept in your pharmacy.

THE WHOLE PHARMACY TEAM IS

Programme

The NPA have kindly offered to support all contractors (regardless of being registered with the NPA) to this support session. As you will be aware, GPhC inspections have changed quite considerably from perhaps the last time the 'Inspector came to call' on you – so seize this opportunity to learn the latest from **Gareth Jones, Public Affairs Officer** at the NPA and his Team.

Dementia Awareness: Sally Porter, Abbey Pharmacy

An opportunity to gain insight into identifying and understanding dementia; seeing how community pharmacy staff can help to interact and support suffers and become a 'Dementia Friend' and be able to refer on appropriately.

Please don't miss this opportunity for free staff development and your opportunity to act on the latest information! Opportunity to raise issues of concern that we will seek to answer or take back to the appropriate body

Kindly sponsored by provision of an exhibition stand by pharmaceutical companies Teva UK Limited, Pfizer UK Limited and Bristol-Myers Squibb Ltd and also pharmacy sales company MediEstates Limited
