

Pharmacy Consultation Room Assessment Form

Please ask any patient who requires the use of the consultation room (**before allowing them access**) the following questions:

- **Do you have a high temperature (over 37.8°C, hot to touch on back and chest)?**
- **Do you have a new persistent cough ?**
- **Has a member of your household developed any of the symptoms above and been told to self-isolate?**

In the event that a patient answers **YES** to any of the questions above follow the NHS guidance.

Direct the patient back home to self-isolate and visit the NHS.UK website.
