

NW Region Urgent Dental Centres

NHS England and NHS Improvement

Summary Pathways – NW UDCs

Referral route and procedure

Patients will self-refer via telephone. The call will be subjected to the following triage pathway flow charts.

Figure 1 shows the triage flow chart for patients contacting their regular General Dental Practitioner directly.

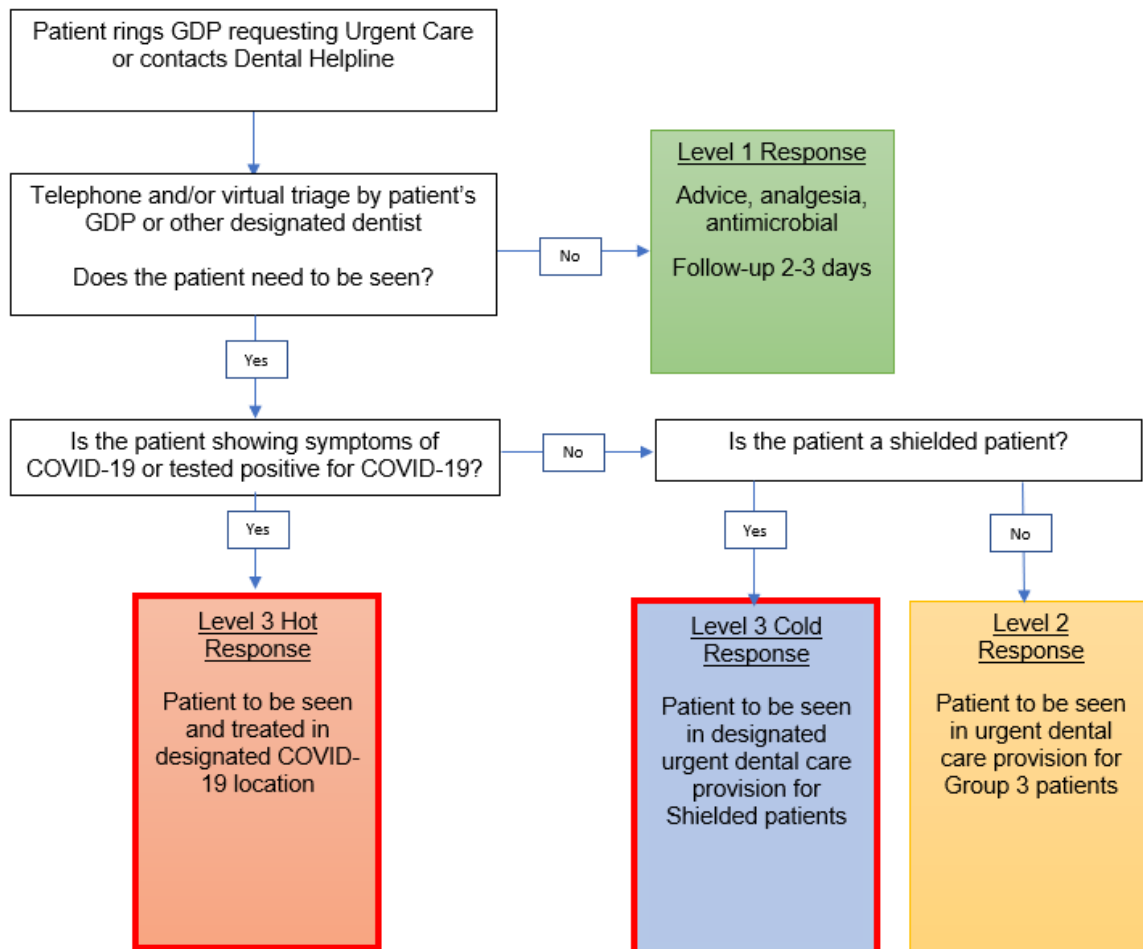

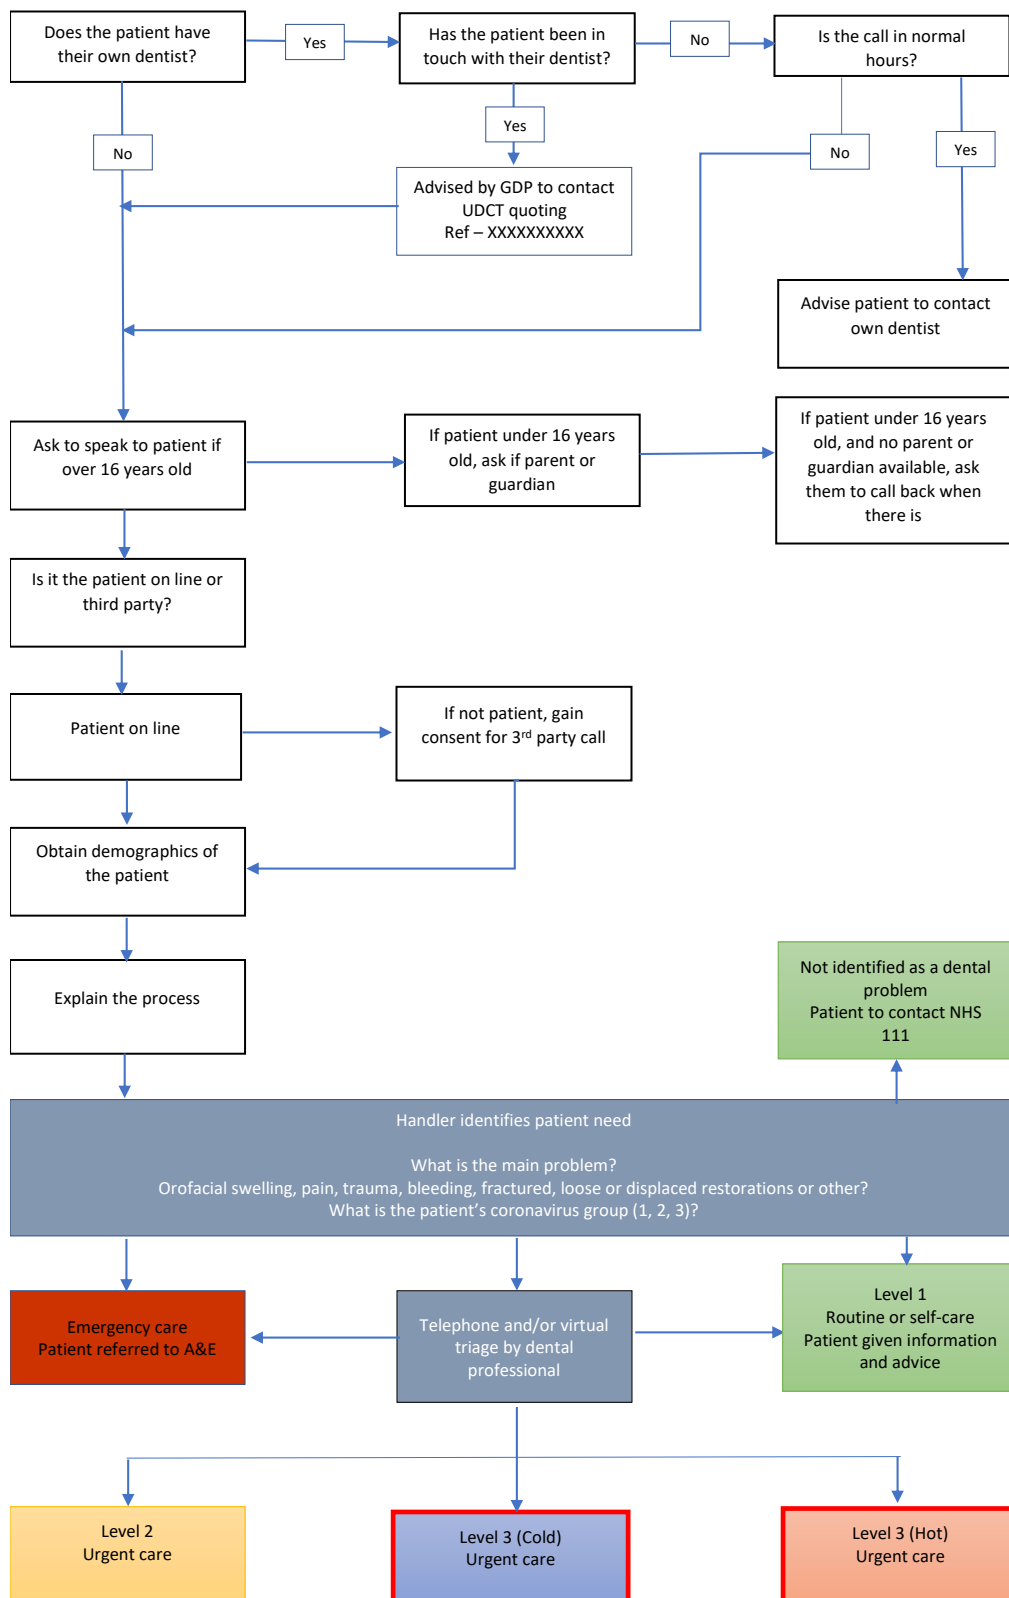

Figure 2 shows the triage flow chart for patients contacting one of the emergency helplines in the North West of England.

8. Martins Lane Dental Practice, Wallasey
9. Childwall/Fiveways Dental, Liverpool
10. Hale Road Dental, Liverpool
11. MAC Dental, Macclesfield

Patients who need urgent dental care telephone their usual dental practice in the first instance (or emergency number if this is not possible). Patients are assessed over the telephone and offered advice or referred to an urgent dental centre if this is needed. This is not a drop – in service.
