There are guides available for each of the HWB areas within the Community Pharmacy Cheshire & Wirral LPC (CPCW) footprint – Cheshire East, Cheshire West & Chester, Warrington and Wirral and these are available on the LPC website.

The document also provides information about the role the LPC and contact details should you require them.

## PHARMOUTCOMES

---

Most locally commissioned service claims are recorded on PharmOutcomes and every pharmacy in Warrington has unique log-in details. Things to note:

- The administrator using this default log-in can set up individual log-ins for staff members;
- If you have been provided with different personal log-ins for a number of different pharmacies, ask the PharmOutcomes Helpdesk about setting up “Switching Identities”; this will allow you to use a single user name and password but then select the appropriate pharmacy from a list.

To record on PharmOutcomes:

- Go to [www.pharmoutcomes.org.uk](http://www.pharmoutcomes.org.uk)
- Log in (or select “Help” if needed)
  - Any messages are displayed on the Home Page
- Select the “Services” tab
- Accredited services for the pharmacy are listed on the left-hand side in orange
  - Click on the appropriate service to create a new record
- Recent Provisions are listed in the centre/right in Blue
  - These can be re-opened/edited by clicking on them
  - Editing information will over-write existing information
  - Editing after status has changed to “claimed” will not change payment details
- Outstanding Referrals are shown above Recent Provisions
  - Click on the Referral for information about the patient/reason for referral
  - Completing the action associated with the referral will move the referral from the top of the screen to the “Recent Provisions” section

The LPC has developed a getting started with PharmOutcomes guide that staff new to PharmOutcomes may find useful and can be accessed from the LPC website at <http://www.cpcw.org.uk/cpcw/pharmoutcomes/>
