\*Target groups changed 1.10.19.

Service will be decommissioned end of the 2020/21 financial year

**You must ensure you read the service specifications for all the services you provide and complete the necessary training/CPD. You will need to have copies of ALL required documentation available in accordance with the service specification(s). PGDs must be printed and signed by all pharmacists providing the service in your pharmacy and retained within the pharmacy for inspection. Service specifications should be available within the Pharmacy; however most service specifications are also available via the LPC website and PharmOutcomes. Nationally commissioned service specifications and training requirements are available from PSNC. You will find training requirements for locally commissioned services within the service specification and on the LPC website.**

**If you have signed a contract to provide a service, you are expected to train your team and provide that service throughout your opening hours. If you temporarily cannot provide a service you must signpost to the nearest pharmacy which can provide that service and update your NHS UK website entry.**

**Should you need to clarify any information please do not hesitate to contact:**
