

Dear Pharmacy Colleague

Please see the message below from Tracey Huston, Public Health Business Manager Re: PHLSA Payments for 2020/21 (Quarter 2 June to September 2020)

You should shortly receive your Q1 averaged payment for Public Health Local Service Agreements (covering EHC, Chlamydia Screening and Smoking Cessation). The payment will show the reference 'PHLSA Apr-Jun C-19'.

Following discussions with the LPC I can confirm that we plan to repeat our Q1 averaged payments for Q2 (July to September). We will use summer months to review specifications to start to think about the longer term and the shift to resuming activity.

With regards

Tracey Houston
