

Electronic Medicines Optimisation Pathway (EMOP)

Launching from Princess Alexandra Hospital, Harlow

Monday 14th January and Tuesday 22nd January

7.30 to 9.30 pm

Buffet will be served from 7.00pm

PARNDON HALL

Princess Alexandra Hospital, Hamstel Road, Harlow, CM20 9QX
(free parking will be available in the staff parking area only)

The EMOP service is the electronic and secure transfer of a patient's discharge information from the hospital to the Patient's nominated pharmacy through the PharmOutcomes platform, if consent is provided by the patient. This will enable you to provide better care and have the knowledge of changes to your patients' medication.

The EMOP service is going live at Princess Alexandra Hospital, Hospital in the New Year

Community pharmacies will automatically be opted in to receiving this information through PharmOutcomes, if patient consent is obtained. It is therefore essential that all pharmacies and their staff understand what this service is about and how they can use this information.

We strongly recommend at least one representative from each community pharmacy attend this meeting.

Please e-mail office@essexlpc.org.uk or fax back the reply slip highlighting the number of attendees from your pharmacy.

WHY COME?

EMOP aims to improve the health of the population through medicines optimisation.

Medicines Information will be shared with the patient's nominated community pharmacy if consent is obtained upon discharge. This will enable pharmacies to plan interventions that may be appropriate like MUR or NMS.

Expert speakers from:

- Princess Alexander Hospital
- West Essex & Herts Sustainable Transformation Partnership (STP)
- Eastern Academic Health Science Network (EASHN)
- Essex LPC
- Hertfordshire LPC

Please complete and return by Wednesday 9th January 2019

Please complete and return to office@essexlpc.org.uk or fax to 01245 467734 or by post to 17 Clematis Tye, Springfield, Chelmsford, Essex, CM1 6GL.
