

What's the Fuss about Flash?

Freestyle Libre Update

An evening event for people working with diabetes in either Primary or Secondary Care.

Tuesday 22nd October 2019, 6-9pm

Mercure Sheffield Parkway Hotel, Sheffield S60 5BD

Do you work with people living with diabetes in Yorkshire?

Then join Diabetes UK for a free evening and hear Dr Jackie Elliot PhD MRCP, discuss how Sheffield as an early adopter of Flash GM technology, has seen improvements in treatment targets, and learn from one another about this important new area in diabetes care.

Refreshments and a hot buffet will be provided.

To register your interest in this event please contact Evie Kinghorn on **07885 557 010** or northyorks@diabetes.org.uk

This event has been sponsored by:

Our vision is a world where diabetes can do no harm.
