Protects from Birth

## Fontus National Dermatology Webinars

The following webinar will be presented  
11th March 2021

Guest Speaker

**Dr Stephanie Gallard** BSc (Hons) Pharmacy, MBCHB,  
Dip Prac Derm, MSc Healthcare Management

An experienced GP and GPwSI in Dermatology who works across the Wirral and Liverpool. She is Primary Care Lead in a Tele Dermatology pilot for the Elective Care Programme in Cheshire and Merseyside and Wirral Clinical Champion for Dermatology, heading up a holistic redesign of the dermatology service.

Fontus Health is delighted to present a virtual education session covering  
**Best Practice Management of Psoriasis in Primary Care**

Thursday 11th March; 19:30-21:00hrs **Best Practice Management of  
Psoriasis in Primary Care**

### **Best Practice Management of Psoriasis in Primary Care**

During this educational session, Dr Gallard will guide you through the diagnosis, management and wider impact of psoriasis in primary care from the perspective of a GP and Pharmacist combined.

You will be upskilled in your knowledge and understanding of all aspects of psoriasis including:

- An explanation of psoriasis
- The different types and distribution commonly seen including presentation in pigmented skin
  - Signs, symptoms and practical diagnostic tips
- Understanding the multi-system severity of the condition, including co-morbidities
  - Discussion of national guidelines
- Best practice approach in topical therapies
