

A young woman with blonde hair, wearing a white lab coat over a blue long-sleeved shirt, is smiling and looking towards the camera. She is holding a pink pen. The background is a pharmacy with shelves filled with various medications and products.

Before you dispense it...

...explain to your patients:

- 1 What the medication is for
- 2 How they should take it
- 3 When they should take it
- 4 What to do if they miss a dose
- 5 How long they should take it for
- 6 Whether the medication replaces one/some of the others they are taking.

Check they understand by:

- ✓ Asking them to tell you what they need to do and why
- ✓ Letting them know that it's OK to ask questions.

It's **OK**
to ask
