

# CPCF Checklist

Tuesday 8th October 2019

PSNC is working to provide as much information and as many resources as possible to help community pharmacy teams to understand the details of the new Community Pharmacy Contractual Framework (CPCF) agreement as they are finalised in the ongoing negotiations.

This email is one of a series of recommended actions for community pharmacy contractors to help you to get ready for the introduction of all elements of the five-year CPCF. There is a lot to do and details will be coming out in stages, so this email series will help guide you through the process and highlight all of the resources and support available to you.

## 20. PQS: Consider if you could be a Pharmacy PCN Lead

PSNC has published two Briefings to support community pharmacy contractors and LPCs on working together to enable contractors to meet the Primary Care Networks (PCN) domain of the Pharmacy Quality Scheme (PQS).

- [PSNC Briefing 047/19: PQS – Guidance for community pharmacy contractors on the Primary Care Networks domain](#); and
- [PSNC Briefing 048/19: PQS – Guidance for LPCs on the Primary Care Networks domain](#).

The PCN domain requires contractors to be able to demonstrate that their pharmacy, and all of the other pharmacies within the PCN footprint who wish to engage with a PCN, have agreed a collaborative approach to engaging with their PCN. This approach must include agreement on a single channel of communication by appointing a named lead representative (Pharmacy PCN Lead) for all of the community pharmacies who wish to engage with their PCN in the PCN footprint.

Further information on the PCN domain of the PQS can be found at: [psnc.org.uk/pgspcn](https://psnc.org.uk/pgspcn)

Further information, in general, on PCNs can be found at: [psnc.org.uk/pcn](https://psnc.org.uk/pcn)
