

08th January 2020

Dear Sir/Madam,

Re: Service Level Agreement: For the provision of Observed Consumption of Methadone (Physeptone) & Buprenorphine (Subutex).

5. Service Duration and Restrictions

5.1. The Staffordshire Supervised Consumption Scheme is open to all community pharmacies in Staffordshire who gain accreditation. The signed agreement will last for the duration of the contract which is up to 31st March 2017 with potential annual extensions up to 31st March 2019.

With respect to the above Service Level Agreement I am writing to confirm that additional funding was made available by Staffordshire commissioners and the contract has been extended beyond 31st March 2019 and is now to continue until 31st March 2020, unless advised otherwise.

Yours faithfully

Andrea Meaden
Service Delivery Director
