

LPC Local Integration Discovery Tool

About You

1. Name of LPC

2. Survey completer

LPC Local Integration Discovery Tool

Section 1: System Complexity

Please help us to assess the level and scale of system complexity in your local area. This will allow PSNC to objectively consider how best to support your local progress which may include setting up cross collaborative working networks of LPCs facing similar challenges.

3. How many STPs does your LPC operate in?

4. Please name the STPs below

5. How many CCGs does your LPC operate in?

6. How many Local Authority (i.e. Council) footprints does your LPC operate in?

7. How many PCNs (or equivalently named structure) will your LPC operate in?

8. How many NHS Hospital Trusts does your LPC operate in?

9. How many other NHS Trust organisations (Community, Mental Health, etc.) does your LPC operate in?

10. Is there anything else that adds complexity to your journey to integration?

LPC Local Integration Discovery Tool

Section 2: Challenges and Barriers

Please reflect upon the challenges and barriers to successful integration in your local system and LPC area.

11. Rank the following challenges and barriers to successful system integration. You can either use the drop-downs to select a number or else drag to re-order the options. Please put the biggest barrier at the top (1) and the smallest at the bottom (5).

-  LPC capacity (i.e. core funding for core team)
-  LPC capability (i.e. range of skills needed)
-  Resistance to LPC/community pharmacy inclusion at system level
-  Resistance to LPC/community pharmacy inclusion at PCN level
-  Commissioners do not perceive community pharmacy as a support solution to achieve local NHS objectives

12. Are there any challenges or barriers that we have missed?

LPC Local Integration Discovery Tool

Section 3: Support Requirement Requests

Please reflect upon the support you will need to overcome the system challenges and barriers in your LPC boundary.

13. Rank the support actions that you require to deliver successful PCN engagement and integrated working in your local area. You can either use the drop-downs to select a number or else drag to re-order the options. Please put the most important support action at the top (1) and the least important at the bottom (8).

-  Funding for PCN local engagement
-  Contractor mobilisation through support from national pharmacy support bodies
-  Change management skills
-  Project management skills
-  Training for effective communication and building effective relationships for collaborative working
-  Marketing materials for community pharmacy offer at system level
-  Marketing materials for community pharmacy offer at PCN level
-  Service proposition materials

14. Are there any support actions that we have missed?

LPC Local Integration Discovery Tool

Section 4: Progress Grid Question Set

Please describe the progress you have made to date in your new health-system integration. Note, it is likely that your LPC along with most others are at the beginning of this journey as the PCNs have only just been formed. Therefore, it is not expected that any/many of us will be able to answer YES to many of the questions fully.

15. Integration

	Yes	In development	No
The LPC has obtained detailed knowledge of the local PCN structures and Clinical Directors	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The LPC is included as a key contributor at a system (STP-ICS) executive level that decides local strategy	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
An LMC-LPC partnership is in place, with actions to support PCN development	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
PCNs in your LPC geography have already included community pharmacy as a key partner	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

16. Influence

	Yes	In development	No
The LPC and STP/ICS have developed and integrated a community pharmacy strategy into the wider strategic plans for the area	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Funding has been obtained to support community pharmacy PCN engagement and integration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The PCN has commissioned a community pharmacy service	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Community pharmacy is included in the local PCN support and development plans	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

17. Capacity

	Yes	In development	No
The LPC has a Local Integration Plan in place aligned to the PSNC PCN Engagement Guidance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The LPC has conducted a engagement event specifically to update contractors on PCNs, the NHS Long Term Plan and local integration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The LPC has set up Community Pharmacy Networks to mirror the emerging PCNs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The LPC has facilitated contact between PCN Clinical Directors and the local Community Pharmacy Network Leads	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

18. Capability

	Yes	In development	No
The LPC has reviewed the skills and resources required to successfully deliver on its Local Integration Plan, identified the gaps and developed a workplan to implement the support needed	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The LPC has connected with neighbouring LPCs to consider collaborative working and sharing of resources	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The LPC is viewed as a valuable system-supporting thought-partner and is included in developing the system leadership development plans	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The LPC has commenced delivering a training programme for the Community Pharmacy Network Leads in the PCN	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Section 5: Materials Upload

If your LPC has any resources, business cases or development tools that they would be happy to share with other LPCs, please upload them to our Dropbox folder: xxx

We would be grateful if you could save them under either the 'For Contractors' or 'For External Audiences' sub-folders.

The types of materials that may be useful include:

- contractor engagement communications (including anything related to events you have held);
- PCN or system stakeholder communications;
- community pharmacy offering (e.g. presentations or marketing);
- service specifications;
- funding bid business cases; and
- patient engagement.

19. Do you have any final comments?

Section 6: Check In

Finally, please let us know how you are feeling about this stage of the journey towards community pharmacy integration.

20. How optimistic are you for the future?

0 - Not at all optimistic

10 - Very optimistic

21. To what extent do you agree that positive change is actually happening?

0 - Do not agree

10 - Completely agree

22. To what extent do you agree that new partnerships and collaboration is happening?

0 - Do not agree

10 - Completely agree

23. To what extent do you agree that new role and revenue-stream for your contractors is emerging?

0 - Do not agree

10 - Completely agree

24. To what extent do you agree that PSNC is making a positive support difference to your future success?

0 - Do not agree

10 - Completely agree
