## PSNC Briefing 024/20: Part 1 2020/21 Pharmacy Quality Scheme - Essential Criteria Checklist for COVID-19 — Evidence checklist

This PSNC Briefing provides community pharmacy contractors with examples of suggested evidence, in a checklist format, that they can use to confirm they have the necessary evidence ready to make their Pharmacy Quality Scheme (PQS) declaration.

It is important that contractors have this evidence to assure themselves that they meet all the requirements in the Essential Criteria Checklist for COVID-19 response, as well as to be able to provide this evidence to the NHS Business Services Authority (NHSBSA) Provider Assurance Team (if requested) who may undertake validation checks on behalf of NHS England and NHS Improvement (NHSE&I).

The examples provided as suggested evidence are not exhaustive; other evidence may also be suitable.
